

# National Baking Industry Awards 2009

## GOLDSTEINS WINS AGAIN

Frank Goldstein, owner and Director of Goldsteins Bakery since 1960 was awarded the prestigious 'Lifetime Service to the Baking Industry Award'. Frank completed his apprenticeship under his father in Surfers Paradise in the late 1950's. Franks father Julius passed away and since then Frank has continued to be the best tradesman he could be whilst encouraging everyone around him to excel and adopt the same approach to baking and life.

During Franks acceptance speech he emphasized the importance of the baking industry and its contribution to the Australian economy. All raw materials Goldsteins uses such as flour, eggs, vegetables, meat, sugar and many more ingredients are produced by our Aussie farmers.

This has contributed to the expansion of Goldsteins Bakery and Pie Shops to what is now 17 stores. An employer of 150 local Gold Coasters, including husbands, wives & children, Goldsteins bakery is truly a family business.
